

Who We Are

Macedonian Mechanics Team is the automotive arm of Macedonian Missionary Service. The Mechanics Mission comes from Acts 16:9 "...Come over and help us..." The Mechanics desire to help missionaries and churches carry out the Great Commission. The salvation of souls and building of the people is truly our hearts' desire.

Macedonian Mechanic Projects are made possible because of the dedication of a diverse group of automotive mechanics as well as helpers with no automotive background. All share a common burden to see the Kingdom of God advanced through keeping the vehicles of missionaries in top running condition. This allows them, without delay, to teach and preach the gospel of Jesus Christ.

Why Mechanics

Because every year thousands of dollars are spent by missionaries to keep their vehicles running.

Because short-term mechanic trips change lives of both the helped and the helpers.

Because God has afforded men and women the opportunity to exercise their talents in this field of labor.

Because every missionary and church has a vehicle that at some time will need repairs.

We are able to minister because of the donations of many across the country. If you would like to participate in this ministry you may at any time. Donations may be sent to the address listed below. All donations are tax deductible, as the law allows, and would be greatly appreciated.
