

Mechanics Coordinator Ricki Boyle

Working with

August 2016

We spent the 4th of July weekend attending a local parade, having barbeque, and watching fireworks with family and friends. It seems the older we get the more we treasure this time with family and friends.

It was time to renew some of my ASE (National Institute of Automotive Service Excellence) certifications. I took the exams that were due this year, and passed them all: Thus maintaining my LI Master Automobile Technician Certification for over 30 years. I've seen a few changes to automobiles over the years.

I had the privilege of filling the pulpit at our home church Hillcrest Baptist Church in Acworth, Georgia a few times during the month of July. Although I have preached there many times it was the first opportunity for me to stand before them on a Sunday morning and preach God's word. What a special blessing it was for us as we had family join us for this special day.

Our Georgia State Meeting was held in Auburn, Georgia at the Grace Baptist Church. They were great hosts to us all. I was given the opportunity to present all of the work of Macedonian Missionary Services while there.

The hot dog days of summer here in Georgia have kept a steady stream of different missionaries stopping by the shop to have A/C systems repaired on their vehicles along with other repairs. The work on the van going to Missionary Jack Brown in Colorado is nearing completion, with just a few part that I am waiting on, along with adding a new set of tires; then some minor cosmetic work to be done in Kentucky. We are hoping to deliver the van the last week of September or first week of October. Brother Terry Molden has been working hard on the van to be delivered to Brother Rusty Denny in New Mexico.

Thank you for your support, prayers, encouragement, and support.

Ricki Boyle

Macedonian Mechanics Coordinator
