September 2018

Dear Co-Laborers,

August is always an exhausting month, and this year was no different. After returning from the building project in Spokane, Washington, we had the motor home parked at home, and on Friday night, July 27, we had a huge storm with lots of wind, and it blew tree limbs onto the top and side. The next few days were spent getting estimates and temporary repairs. The repair estimate was a little over \$2,000.00.

The good part of August was that on the 9th day, I got one year younger. (After age 65, they don't say you're getting older, but that you're so many years young.) Carole was excited about me getting younger and she took me to Lexington for a late lunch or early dinner to celebrate my getting 82 years young!

On August 14th, Carole and I left for Copenhagen, Denmark. We visited Pastor Garry Calba and with Daisy and son, Joshua, at Copenhagen Bethel Missionary Baptist Church. I was privileged to speak for him in the evening service on the 15th. This is a loving church with outreach ministries in several different countries. When they found out about my birthday, they gave me a birthday cake and a birthday offering.

While we were in Europe, we celebrated our 10th wedding anniversary by visiting several countries, including two days in St. Petersburg, Russia. We also traveled by train to Berlin, Germany. I had crossed the Checkpoint Charlie into East Germany in 1969. We were able to see the gate and parts of the old wall that once surrounded Berlin, returning home at 2:00 A.M. on August 29th.

Now I am back in the office for a while, helping with the Future Project Planning. There are several projects that will be announced soon.

Kenya Sawmill Update: Missionary Ernie Hopper called and said that the pastor receiving the mill should be finished with his training and the mill delivered in late October.

God Bless,
 Leon Jasper
