Brandon Jones
MacTech Coordinator

working with

March 2019

February was the month of publications! During the month of February I worked on several publications for print, including the Spring Edition of the Macedonian Call Magazine, and a new "double-gate fold brochure" for Macedonian Missionary Service that I am very excited about! In addition to these two projects, I also worked on the February issue of the Missionary Baptist News, a publication of Louisiana Missionary Baptist Institute & Seminary. This came after the passing of Bro. John Cooper, (mentioned in my last newsletter), who had previously worked on the paper. It is an honor to be able to carry on the work of a man for whom I had such respect. In addition to getting the publication ready for print, I also posted it on the LMBIS website at www.lmbis.org. Bro. Cooper's daughter, Hilary, wrote me this note: "Brandon, you fulfilled one of my father's dreams by putting the MBN on the LMBIS website." He and I had actually discussed this in December.

MacTech also helped Glenwood Baptist Youth Camp, AKA "Camp Glenwood" in Folsom, Louisiana with a new logo. MacTech is not "Brandon Jones." Just as the Building Coordinators cannot erect a building without teams of volunteers, I have relied on the help of graphic designer, Tiffany Fredrickson. I think Tiffany did a great job on the new Camp Glenwood logo, but I will let you be the judge. Take a look! Does that say "church camp", or what?

Michael Raines, former pastor of Hopewell MBC in Cunningham, Tennessee is now the pastor of Landmark Baptist Church in Waco, Texas. Landmark has a website at www.landmarkbaptistwaco.com that has been stale for several years, and nobody knew how to update it. It was also a paid site, so it renews annually at the expense of the church. Michael, being familiar with MacTech, called me and I was able to gain access to the site. Not only that, but we are in the process of building a new, updated site that will be at no cost to the church so that they can cancel the existing service prior to its renewal in May. That is a savings that can be put back into the Lord's work! The old site is still active at the time of this newsletter, but hopefully they will have me some new content soon and we can begin working on the new site. I am also working with a pastor in Killeen, Texas to setup a website for the church there as well. We have just completed the first step of registering the domain name to begin the process.

God Bless,
Brandon Jones
