Proverbs 3:27 is one my favorite verses in the bible...good words to live by

As we ended July and headed into August, I thought how wonderfully blessed I am. Greta and I had just finished a trip that took our ministry from the National meeting in Knoxville, to a Great three week build in Arkansas. And from Arkansas we were able to go to Bloomington, Indiana to visit Journey Baptist in their new facility that we helped build Last year. Then to Brownstown, Indiana to visit with our old friends Mike and Donna Weiler at New Life MBC. We helped them with a new building several years ago that they quickly outgrew and moved to a new facility. So I was able to help with a materials take-off for some improvements they want to do the sanctuary. We enjoy seeing our friends around the country and being able to assist them with their building needs. So going into August we were excited for the work and for the much needed vacation that August held for us.

As you may know, Greta retired from her job of 31 years in January to accompany me full time in the ministry. We also sold our house in Georgia and moved to Kentucky to be closer to the Macedonian office, thus allowing me more time to be more effective with the planning and coordination of projects. In addition to retirement and moving to Kentucky, we also celebrated 35 years of marriage in June. So we celebrated this years milestones by taking an Alaskan cruise. It truly was a once in a lifetime (for us) trip. We had talked about it for a long time and we decide we weren't getting any younger and the trip wasn't getting any cheaper. it was a wonderful time and a great experience. If you have been you know and if you haven't, you should go. It was wonderful. Psalms 19:1 says "The heavens declare the glory of God; and the firmament sheweth His handiwork".

After returning from Alaska, we went right back to work. I leave in just a few days to Romania to assist Brother Gheorghe Cormos with his new church building. Me and my good friend Norman Merrick will lay out the building on the property that has been secured. We will assist with the installation of the foundation and underground utilities and the ground slab. It is our desire to make sure everything is done level, plumb, and square so that when we return in the spring to build the building, everything fits as it should. Brother Cormos is doing a good work there with two strong mission points. This new building is located in a great spot between the two missions and the people are excited to have it.

In addition to the Romania project, we are putting some last minute arrangements together for our trip to New Mexico in November. We will be returning to help finish up the building we put up a couple years ago. It is shaping up to be a good build, with volunteers from all over coming to help. the dates are Nov. 9-23. See you there.

We are also working on the projects for next year which include Wewoka, Oklahoma March 7-21, ... Somerset, Kentucky April 18- May2, ... Saccalasau, Romania, TBD and Wauchula, Florida, TBD. These are some of our upcoming projects, others are still planning.

Please pray about how you can partner with us on a project. Either physically with your presence, or spiritually with your prayers, or financially with your donations. We hope you are able to help in all three ways. God Bless

In His Service, Paul and Greta
