### **In everything give thanks: for this is the will of God in Christ Jesus concerning you. 1 Thessalonians 5:18 (KJV)**

We have so much to be thankful for. God has been so good to us and continues to bless us. We are thankful for the ladies that work at both of our Macedonian offices, along with those that volunteer to help at the office when needed. They do so much for us, allowing us to do so much more of the Lord's work together; they love the Lord and are a joy to serve with. We are thankful for each one of you that keep us in your prayers and contact us to let us know. We are thankful for those individuals and churches that support us financially as well. We are thankful and cherish the encouragement that we receive from each of you. We are most thankful for the gift of eternal life through our Savior Jesus Christ, and the opportunities that we have to share that with others.

During the month of October I was able to spend a few days in Nancy, Kentucky at the office and the shop working on a few projects and getting some equipment repaired. While in Kentucky I was able to attend a service with Brother Terry and Sister Melissa Molden at their church Piney Grove Baptist Church #2 where Brother Joe Warren allowed me to share about the Macedonian Ministries. I'm always thankful for Brother Chris and Sister Rebekah Pierce and their family who always have a place for me to stay and make me feel comfortable and completely at home while in Kentucky.

Along with filling the pulpit for our pastor at our home church Hillcrest Baptist Church in Acworth, Georgia we were able to serve at our church's Fall Festival where we had over 300 people from the community attend. It was great to help minister and just visit with them and their families. Also during the month it was time to take four of my ASE automobile recertification test that was to expire soon. Thank the Lord I did pass them all maintaining my L1 ASE Master Technician status for over 35 years.

A few things to pray about with us...our ministry vehicle fund is in the deficit about \$ 5,500.00. This fund is used for vehicles that have been donated to Macedonian Missionary Service where we insure, register and transport them and repair them before handing them off to missionaries. Also we will need to replace the air compressor at the Georgia shop because it finally quit after several years of service. A new commercial one should out last me is about \$ 1,800.00.

Thank you to many that have donated over the last months to help us with the mechanic's fund, and ministry expenses. Praise the Lord.  
Thank you for your prayers and support  
Happy Thanksgiving!
