"What shall we then say to these things? If God be for us, who can be against us?"Romans 8:31 KJV

Brothers and Sisters,

Like all of you this has been very different times for us personally and ministry wise the last several weeks. We have been staying home most of the time. Lesa has been going to work every day since her job is required essential. Fortunately, the shop is behind our house so I have been able to finish up some repairs on missionary vehicles that were here. It has been a time where I have been able to help some church members with vehicle needs along with being able to do some work on many of the widow's vehicles in our church. There have been several phone calls trying to help out with repairs as best as we can.

We have been blessed with some vehicle donations recently to go along with other donations we have had in the past which we need to schedule pick up dates soon-that is when we are able to do so in a safe manner. We need to bring these donations back to the shops for repair to be able to get them onto the mission field for missionaries. Please pray with us so we can raise funds to repair these vehicles, they will be good vehicles once we are able to make the necessary repairs. It is our goal to always give the vehicles in very good condition to the missionaries and churches needing them.

We stepped out in faith last month after receiving a call from a widow of a longtime ABA pastor. She needed help with getting a new transmission. I was able to make contact with a transmission shop in Arkansas who agreed to replace the transmission for \$ 1,780 which is about half of the normal cost. Macedonian Missionary Services covered this expense knowing the Lord will provide the help to recover the cost. We are not always able to help in this kind of way, but after praying about it, felt led to help in this situation. If you would like to help in any way, please contact the Kentucky office of Macedonian Missionary Service.

Some other prayer requests to consider- we started repairs on a truck which was given to Macedonian Missionary Services which we will use to transport vehicles along with moving the mechanics and other Macedonian equipment. The repairs to this truck are around \$ 5,000 to complete and will be a great truck. I am also working out some other possible vehicle donations that we can get in to service and repaired with proper funds. Thank you in advance for your prayers on these projects/requests. It does take funds for fuel, insurance and parts to repair all these, but we certainly feel like the eternal rewards are worth the expense for these precious souls that are saved through the churches and missionaries that may benefit from the vehicles.

We are praying for your churches and families. We hope to see you soon.

Thank you for your prayers and support

Brother Ricki Boyle
Mechanic Director
