June 2020

We want to say how thankful we are that things are starting to resume some kind of normalcy especially are worship and fellowship. We all know that our country feels like its spinning out of control and with it the world, but we need to remember we know the Master of the universe and everything is under His control.

It's been a busy month in the shop. I finished the 2003 F350 finally! The engine work was extensive, but the end product was worth it. We just made its first trip pulling the tool trailer to the build at Pine Hill Baptist Church. Hoping for more trips really soon.

I installed a fuel pump in a 2006 Grand Caravan Van that is going to the Chad's Hope. Chad's Hope is a local men's recovery ministry, sponsored by Barnesburg Baptist Church. I also performed maintenance on some of Macedonian vehicles this month.

As the churches are coming back together, we have two church vans that we are currently trying to raise funds for. These vans are not only a blessing to these churches and ministries but such a needed tool to bring people to Gods house. One of these vans is a Chevy passenger van in Orlando Florida with much needed transmission repairs. Any amount God lays on your heart will certainly be appreciated and used to spread His word.

Since our family enjoys fishing, but never could make it off shore, we were blessed to be able to buy an older model pontoon that fits everyone. We have taken a couple of Saturdays to venture out on Lake Cumberland and Green River. Though the fishing hasn't improved yet we are hopeful.

Please pray for us, our children and their spouses as things become more perplexing in our country. We have two children and a son in law that unfortunately live in bigger cities and as parents their safety is always on our minds.

Praying for our Brothers and Sisters in Christ everywhere,
Terry and Melissa Molden

"Now thanks be unto God which always causeth us to triumph in Christ, and making manifest the savor of His knowledge by us in everyplace."
