**September 2020**

*Ecc 8:11 is an insight to why people act the way they do... watch the news, observe the human condition. The problem is sin. People without Jesus. Just one man's observation.*

The last month has been busy for Greta and me... we are building a new home in Kentucky. The foundation is completed, and the basement walls are poured. As of today, some of the basement framing is complete and the work continues. We are truly blessed beyond words with friends who are willing to help. By the time you receive this newsletter we should be framing the house and preparing to set the roof trusses. God has blessed me with the knowledge and ability to build and for that I am thankful. We (Greta and I) joke that by the time the house is completed, we will need counseling. If any of you have been through the process, you know what I mean. We are excited to have our retirement home here in Kentucky, among friends, near The Macedonian Missionary Service main office in Somerset.

Our ministry plans have been completely changed due to the government reaction to the Corona virus. We had planned on being in New Mexico at this time helping at least three different churches. I pray that all the churches and missions around the world can soon return to a normal schedule with no restrictions. We look forward to returning to work for our churches. Even though things have been postponed or cancelled altogether, the need is still there. And as prices continue to rise, as they always have, the needs become greater. I anticipate a remarkably busy 2021. In addition to the projects that have been postponed, there are some more projects on our "radar" ... There is a building project in the planning stages for next spring in Pennsylvania. Possibly April or May. We are also talking with a church in southern Ohio about a building project. Those are for next year, so far. No dates have been set at this time. We will continue to plan, and work and we will be ready. Only the Good Lord knows what the future will be. And please be in prayer for these churches that we want to help and are unable to because of COVID. Their need has not been cancelled. They still require help. Please pray that the Lord will provide the help they need. God is still in control.

I am blessed to have been asked to preach a few weeks ago at Pine Hill BC, where Greta and I have been attending since our relocation to KY. We are still members of our sending church, Hillcrest BC in Acworth, GA. Both churches are dear to us.

I mentioned last month that our fundraising effort for a new building ministry truck, started two years ago, is still ongoing. As of last week, the amount collected so far is \$28,452.32 I am so thankful to all those who are willing to partner with us in this effort. Please ask God how He would have you help.

Remember the missionaries everywhere that need our support. Please pray for them and for us as we endeavor to help where needed. We serve a big God and we know He is faithful to provide. We are looking forward to the future and what it holds...

In His service, for His glory. Paul
