

From the desk of

Missionary Terry Molden

Mechanics Cordinator

working with

September 2020

"Look not every man on his own things, but every man also on the things of others. Let this mind be in you, which was also in Christ Jesus: Who, being in the form of God, thought it not robbery to be equal with God: But made himself of no reputation, and took upon him the form of a servant, and was made in the likeness of men: 8 And being found in fashion as a man, he humbled himself, and became obedient unto death, even the death of the cross." Philippians 2 4-8

Nancy, Ky

Points Of Interest

We know it has been awhile since we wrote, our daughter Carrie Schuttauf has been in and out of the hospital for some time. The last time she was in Fort Campbell and was then transferred to Vanderbilt where she was diagnosed with Crohns a very progressive autoimmune bowel disease. I took turns with Tim staying with her in Vanderbilt. We had been told the only option for Carrie was a major surgery that would remove a large portion of her colon. We hit our knees in prayer and was joined from people all over the globe. I am thankful to tell you now that God worked a miracle in those dark days and the doctors decided to try an aggressive form of steroids to try and reduce the blocked bowel. To God's glory that worked enough to allow her to go home on infusions and to hold off surgery for some time. We thank everyone that has prayed and ask you to continue to keep Carrie and Tim in your prayers. This is a life changing diagnosis but thankfully we know the Great Physician.

We would like to welcome Jacob Ward as he is interning with the Macedonian Mechanics Ministry. He has temporarily moved to Somerset Ky from Bogota TX for this purpose and to attend Cumberland Baptist Institute.

I am so thankful that young men are still heeding God's call and stepping out in faith to follow Him. That is how we know this mission will carry on after we are gone. I know that Jacob desires your prayers as he is so far from home and learning many new skills. He is helping on the 1998 Ford E350 and so far we have installed a Ford remaned engine. We are hoping to get it in good condition so we can send it to a church in need. Our goal is to help get as many that will come to the house of God to hear His word.

Unfortunately Covid is still with us and the devil has not ceased to use this plague to hinder our mission and missions all over the world. We stand ready to do any and all that God allows especially through these dark days. Missions need your prayers and support now more than ever. We must keep pressing forward for the Kingdom of God. Fortunately College has started back for our two youngest daughters, Kimberly and Kasey. Please pray they will always have God in the center of their lives especially in a world that is becoming more wicked by the day.

Love in Christ,
Terry and Melissa Molden
