“Create in me a clean heart, O God; and renew a right spirit within me.” Psalm 51:10

The month of March has brought us a few challenges and different opportunities to minister to folks around us. As spring begins to take over it can also be a time of renewing our own spirit. Whatever you are facing may the Lord renew and strengthen your spirit.

Lesla and I were able to be a part of a community outreach and concert at our home church, Hillcrest Baptist Church in Acworth, GA. We had a barbeque with free food and drink for the community along with a concert put on by the Mattingly Family. I was able to do some work on one of their ministry trucks while they were here in our area.

I was able to make progress on several vehicle that have been in the shop this month. Most of them belonged to missionaries and a couple were Macedonian vehicles which needed some work and servicing. Along with those repairs, we had to add the vehicle that Lesla drives daily-her “ladybug” (2001 Jeep Wrangler) had to have a motor put in her. I spent several days replacing the motor and clutch components on it, the motor had over 200K miles on it. Hopefully, it will go several more years for us.

Lesla had an aunt to pass away this month after a long illness. We were asked to perform the service. Lesla sang several songs, and I officiated the service for the family and friends. It was an honor for us and made much easier for everyone knowing she knew the Lord.

I made a trip to Somerset, Kentucky for a few days to transport a truck to the office and check on a few things while there. I was able to visit for a short time with Kim, Randi-Kim, Steve, and Leon while there. I am grateful for those that do so much at the offices to help us all out. I was also able to visit with the Pierce family, they always treat me like one of their family. I visited with White Oak Baptist Church in Nancy, Kentucky and was able to give a report to the church on the Mechanics Ministry.

We received a great blessing this week. When Lesla and I built the shop at our house about eight years ago, we did so with personal funds and then purchased most of the equipment to get it up and going. We have been paying on the tools and equipment monthly. A church sent us the funds to pay off the balance of the equipment loan. Praise the Lord, this is an answered prayer for us.

Thank you for your prayers and support.
