

From the desk of

Missionary Terry Molden

Mechanics Coordinator

Working with

July 2021

We hope everyone had a great Fourth of July! Being able to celebrate our freedom in these perilous days takes on a more solemn tone, however, that is nothing compared to the celebration at the coming of our Lord Jesus Christ.

As I sit down to write Melissa is preparing for Vacation Bible School Cosmic Crusade at White Oak Baptist Church. We will be teaching 3rd, 4th and 5th grade. Praying that we can reach souls this week.

It's been a busy month for me at the shop and on the road. The first week in June, Paul Lamb's truck started leaking coolant at the building site in Des Moines Iowa. Ricki Boyle and I drove to the site for some on site mechanics. Then I was able to bring the tool trailer back home to the builders while Ricki took his truck and trailer back to his house. The next couple weeks I spent in the shop repairing a Macedonian Missionary truck for Bro Shawn Welshman to drive to the ABA. I also repacked all the bearings on a trailer that would be taking the spray foam to our build in Rouzerville PA.

I was also able to work on Pastor David Harmon's truck. He is the Pastor at White Lily Baptist Church. We are so thankful for their support!

Next we headed to Charleston, WV to the ABA conference. We had several great days of fellowship and worshipping together with old friends and we made some new ones. I was fortunate enough to be able to speak about the mechanics mission at the conference on different occasions. As nervous as I was God got me through each and every time. I am humbled to say I was inducted as a recommended missionary for the ABA. Pray that God will use me in any way He sees fit to.

We came home the last of June and I was able to perform some maintenance and check out a check engine light for Brother Bill Johnson. Bro Johnson was in the area visiting churches. He is the President of the International Christian Publishers out of Texarkana, Arkansas. I really enjoyed being able to visit with him while he was in town.

I want to thank my wife for getting all the decorations ready for our VBS. With me working so much she has put in the work for both of us.

I will ask everyone to pray for our two youngest daughter's Kim Molden and Kasey Burton. With a few bumps in the road, we got Kim to Washington DC to intern with Congressman James Comer. Kasey has finally made it to Romania to excavate a medieval church and graveyard for the The Lost Church Project. Our thanks goes to the missionaries in both these places for their help and information. It eases two parents mind. Pray not only for safety but that they can witness to others while they are there.

As always we covet your prayers and thank each of you for them and for any support you can give this mission. If you have any questions or would like to know more about our ministry and how to support. Please contact me or White Oak Baptist Church.

God Bless,

Terry D. Molden
