## August 2021

As the year continues to march on, we are thankful for the mercy of the Lord and His faithfulness. We are also thankful for those who encourage, support, and pray for us as we do our best to serve the Lord.

We were at home for the July 4th weekend, and it was very busy. I preached on Sunday, July 4th at our home church, Hillcrest Baptist Church in Acworth, Georgia. We celebrated Independence Day going to a local parade with our bonus daughter and our grand-daughter Emma. We went to the fireworks show that evening. We also celebrated with a cookout and fellowship with friends from church.

I was able to travel to Florida and attend the funeral services for Brother Harold Williams. I had the pleasure of spending time with Brother Harold on many occasions over the past years. His advice, encouragement, and stories were always on point and a joy to be a part of while staying with him in his home in Florida a few times. The fellowship was always a great time. We will all miss him dearly at Macedonian Missionary Services along with many of you. While in Florida, I had a chance to stop and visit with my dad overnight. It was good to see him if only for a short time on the week of his 87th birthday.

While in Florida I had gotten word that a good friend of ours, Marvin Rouse had taken a turn for the worse while in the hospital for a heart catheterization procedure. Unfortunately, shortly after returning home, we received word Marvin had gone home to be with the Lord. Marvin along with his wife Donna for many years have been a supporter, encourager, friend to several missionaries and their families. What a strong example of serving the Lord Marvin has been for many years. I will certainly miss him daily. But the assurance of knowing where these men are now, and I will see them again takes a little of the sting away.

We have continued working on several vehicles at both shops in Acworth, Georgia and Nancy, Kentucky. We have been running into some challenges getting some parts for a few of the vehicles which we have been working on. Some parts are not as available recently as we are use too. We just search more, and like many things now cost much more than they used to. The cost of fluids and supplies has gone up a lot in the last few months, creating higher operating cost for us. We do have some vehicle projects we are working on that will go to missionaries to use in their ministry areas. We hope you will pray with us about raising funds to complete and deliver these vehicles.

Thank you for your prayers and support,

Brother Ricki Boyle  
Mechanic Director

## Points Of Interest

**“It is of the LORD's mercies that we are not consumed, because his compassions fail not. They are new every morning: great is thy faithfulness.”**
